NOTICE: BEMSP Office Moves and Telework Transition

As part of the state of Utah statewide teleworking program, the Bureau of Emergency Medical Services and Preparedness (BEMSP) has made some changes, including physical office moves and consolidation.

It is our top priority to make this transition seamless and to ensure our customer needs are met.

All of the BEMSP offices are now located on the 4th Floor of the Highland Building. Many of our staff will continue to work on site while a portion of our staff will telework remotely. Regardless of location, all staff are available by phone, email, and Google Meet.

In addition, some staff phone numbers have changed. See the following list for current staff contact information:
